EZ-S31G - 3MP Outdoor PT Camera

Standard Security Camera

3MP
Using the CP Plus Ezylite Camera

3MP Camera

Designed to represent an enhanced picture quality in 3MP camera so that every detail can be viewed with vivid clarity and a pixilated video feed can be avoided.

360° View

The camera rotates full 360°, making it convenient for you to view the room from every angle and keep an eye all over the place even when you are away from home.

Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.

Human Body Detection

Designed to provide human detection and intelligent alerts, which means only being alerted only when the need occurs as the camera detects people as opposed to animals, passing vehicles, or other inanimate moving objects.

View & Talk

Enables you to stay in touch with your loved ones from anywhere, meaning you can also talk while viewing the live video feed on the phone.

Full Color Video

See every detail, even after dark. Designed to capture vibrant colors for clear identification, this camera provides much better video clarity, where every color can be viewed in detail while also enjoying a high-resolution video stream. Identify intruders with ease thanks to crystal-clear night vision.

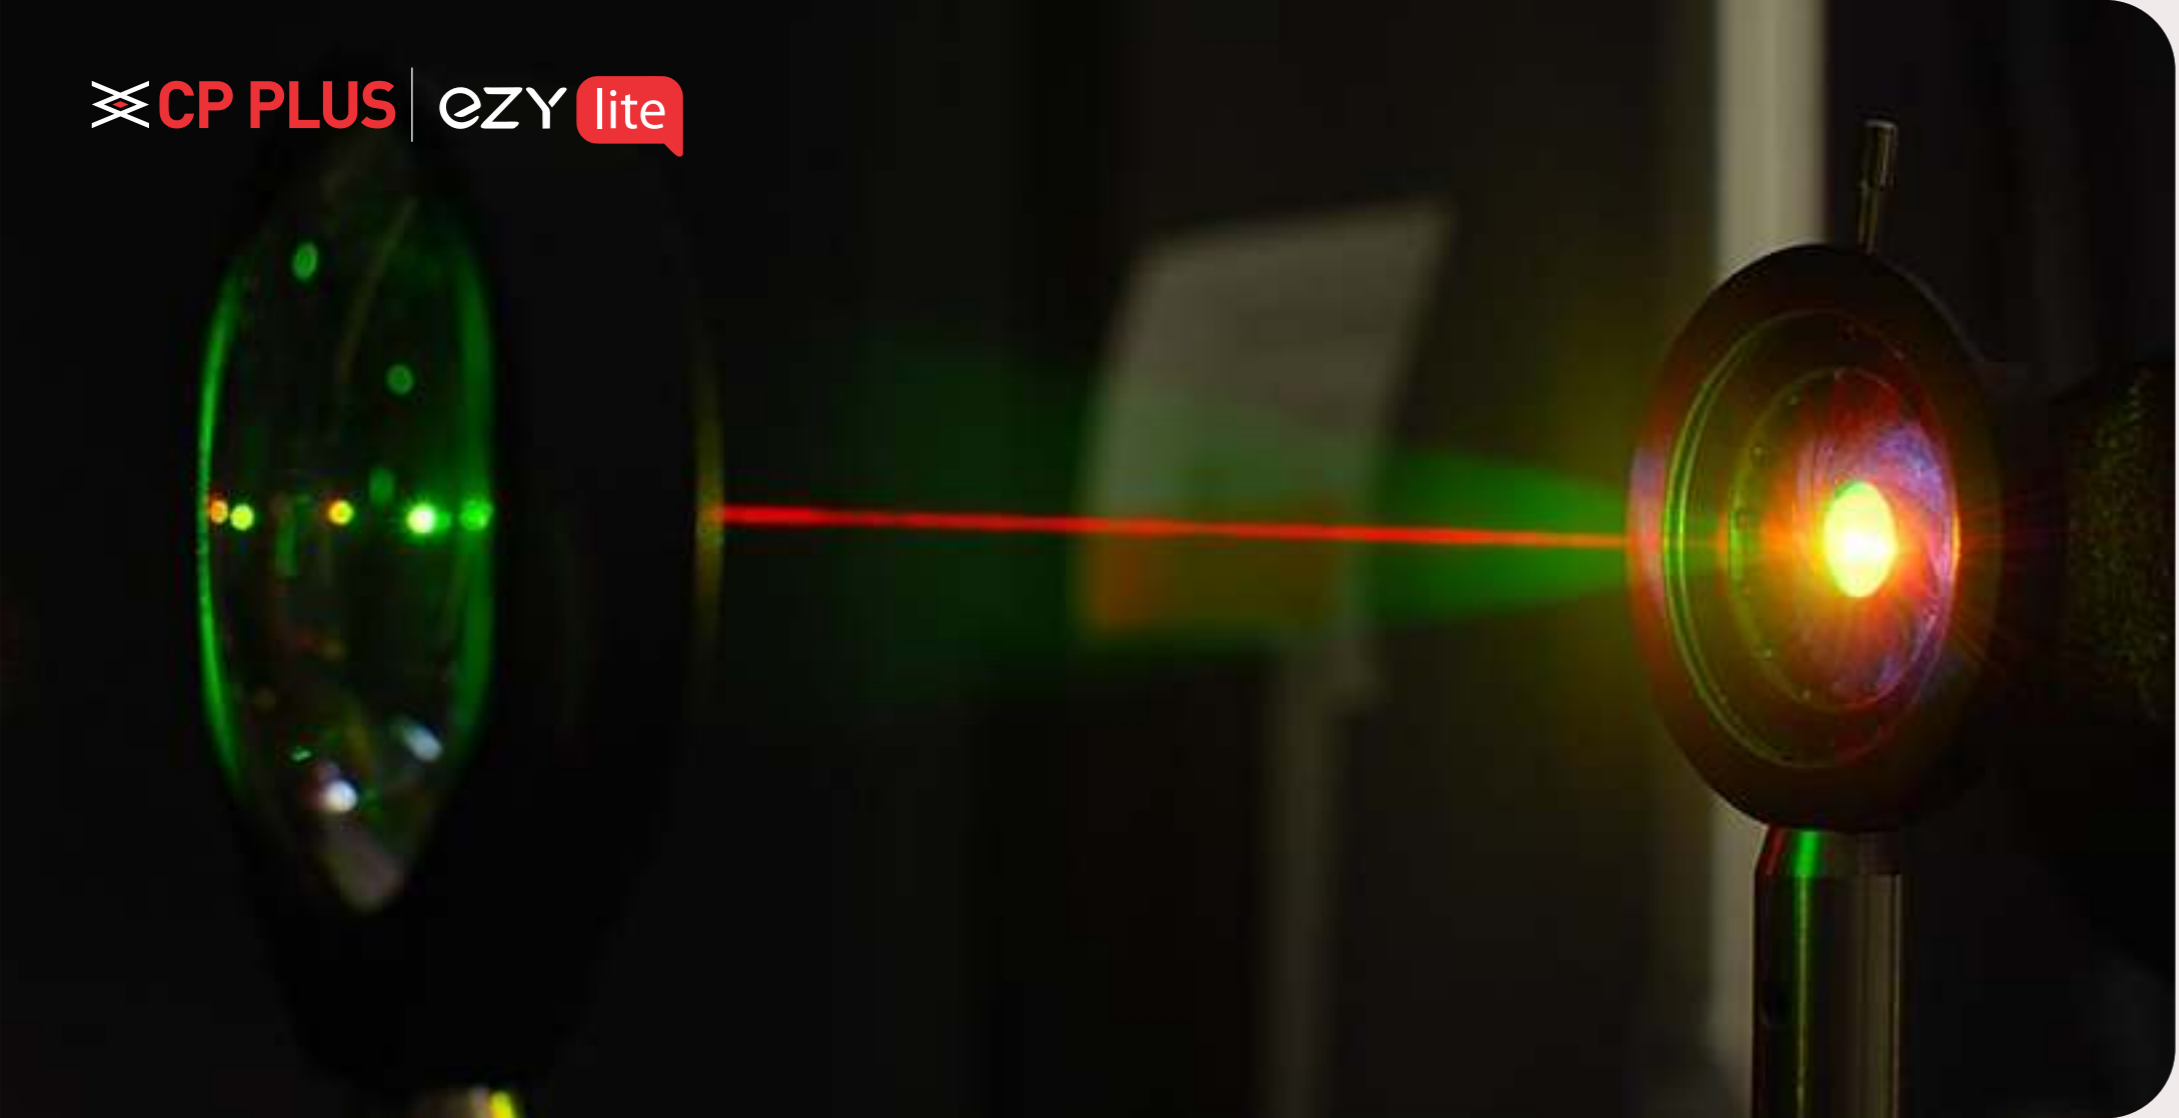

Supports ONVIF

Provides device freedom with ONVIF as it supports cross-compatibility with third-party Recorder/Software via ONVIF protocol to enhance native integration. Helps your security system operate seamlessly so that you can mix and match recorders and software for more flexibility.

In-built Siren

When the camera detects movements in the video frame, the in-built siren automatically goes off to keep you notified in real-time to help you stop intruders effectively.

IR Lights

In areas of low illumination &/or dark places, infrared lights help to present a clear video feed even at night, increasing and enhancing the visibility of the lens to capture every detail.

4G Support

To eliminate the hassle of cables and switches, this camera has been 4G enabled which makes it easier and better to conduct surveillance of any closed space.

256GB SD Card support

Allows the camera to record and store video data directly onto an SD card inserted in it. SD card support ensures continuous recording, preventing data loss.

ezyLiv Mobile App

Your one stop center for all ezyLite Cameras, ezyLiv gives you a unique advantage where you can control all your security cameras with a single mobile app to gain complete control over your home and properties

Specification - EZ-S31G

Feature	Description
Image Sensor	1/3" 3MP CMOS Image Sensor (0.84667cm)
Effective Pixels	2304(H) x 1296(V)
Minimum Illumination	Color: 0.1Lux, black and white 0.01Lux
Lens	4mm
Angle of view	H: 76°, V: 42°, D: 90°
Max. Aperture	F1.6
Pan,Tilt, Rotation	Pan:310°,Tilt:90°
Video Compression	H.265
Resolution	3MP(2304 x 1296)
Frame Rate	20fps
Noise Reduction	3D-DNR
Motion detection	Support
Motion Tracking	Support
Echo Cancellation	Support
Built-in Siren	Support

Feature	Description
Audio Input	Built-in Mic
Audio Output	Buit in speaker
Audio	Two way Audio
Audio Compression	AAC ,G.711
4G Frequency Band	FDD-LTE:B1/B3/B5/B8, TDD-LTE:B38/B39/B40/B41
4G Standard	LTE-TDD / LTE FDD
Alarm Notification Push	Support
White Light Distance	20 Mtr.
White LED Number	4pcs White LEDs
IR Cut Filter	Dual IR-CUT Filter auto switch
IR Distance	IR Range of 25 Mtr.
IR Number	4pcs IR LEDs
Dynamic Range	DWDR
4G/3G	Support:4G
Smart Phone	iPhone, iPad, Android Phone
