Using the CP Plus Ezykam+ Camera 360

Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.

Easy Installation

Say goodbye to complicated setups and lengthy installations. CP PLUS T31A comes with a free 'E27 to B22' Type Converter for quick and hassle-free installation which you can do yourself, allowing you to start monitoring your space in minutes.

360° View

Experience comprehensive surveillance with a 360-degree panoramic view, eliminating blind spots and providing complete coverage of your space.

360°

Wi-Fi Support

To eliminate the hassle of cables and switches, this camera has been Wi-Fi enabled which makes it easier and better to conduct surveillance of any closed space.
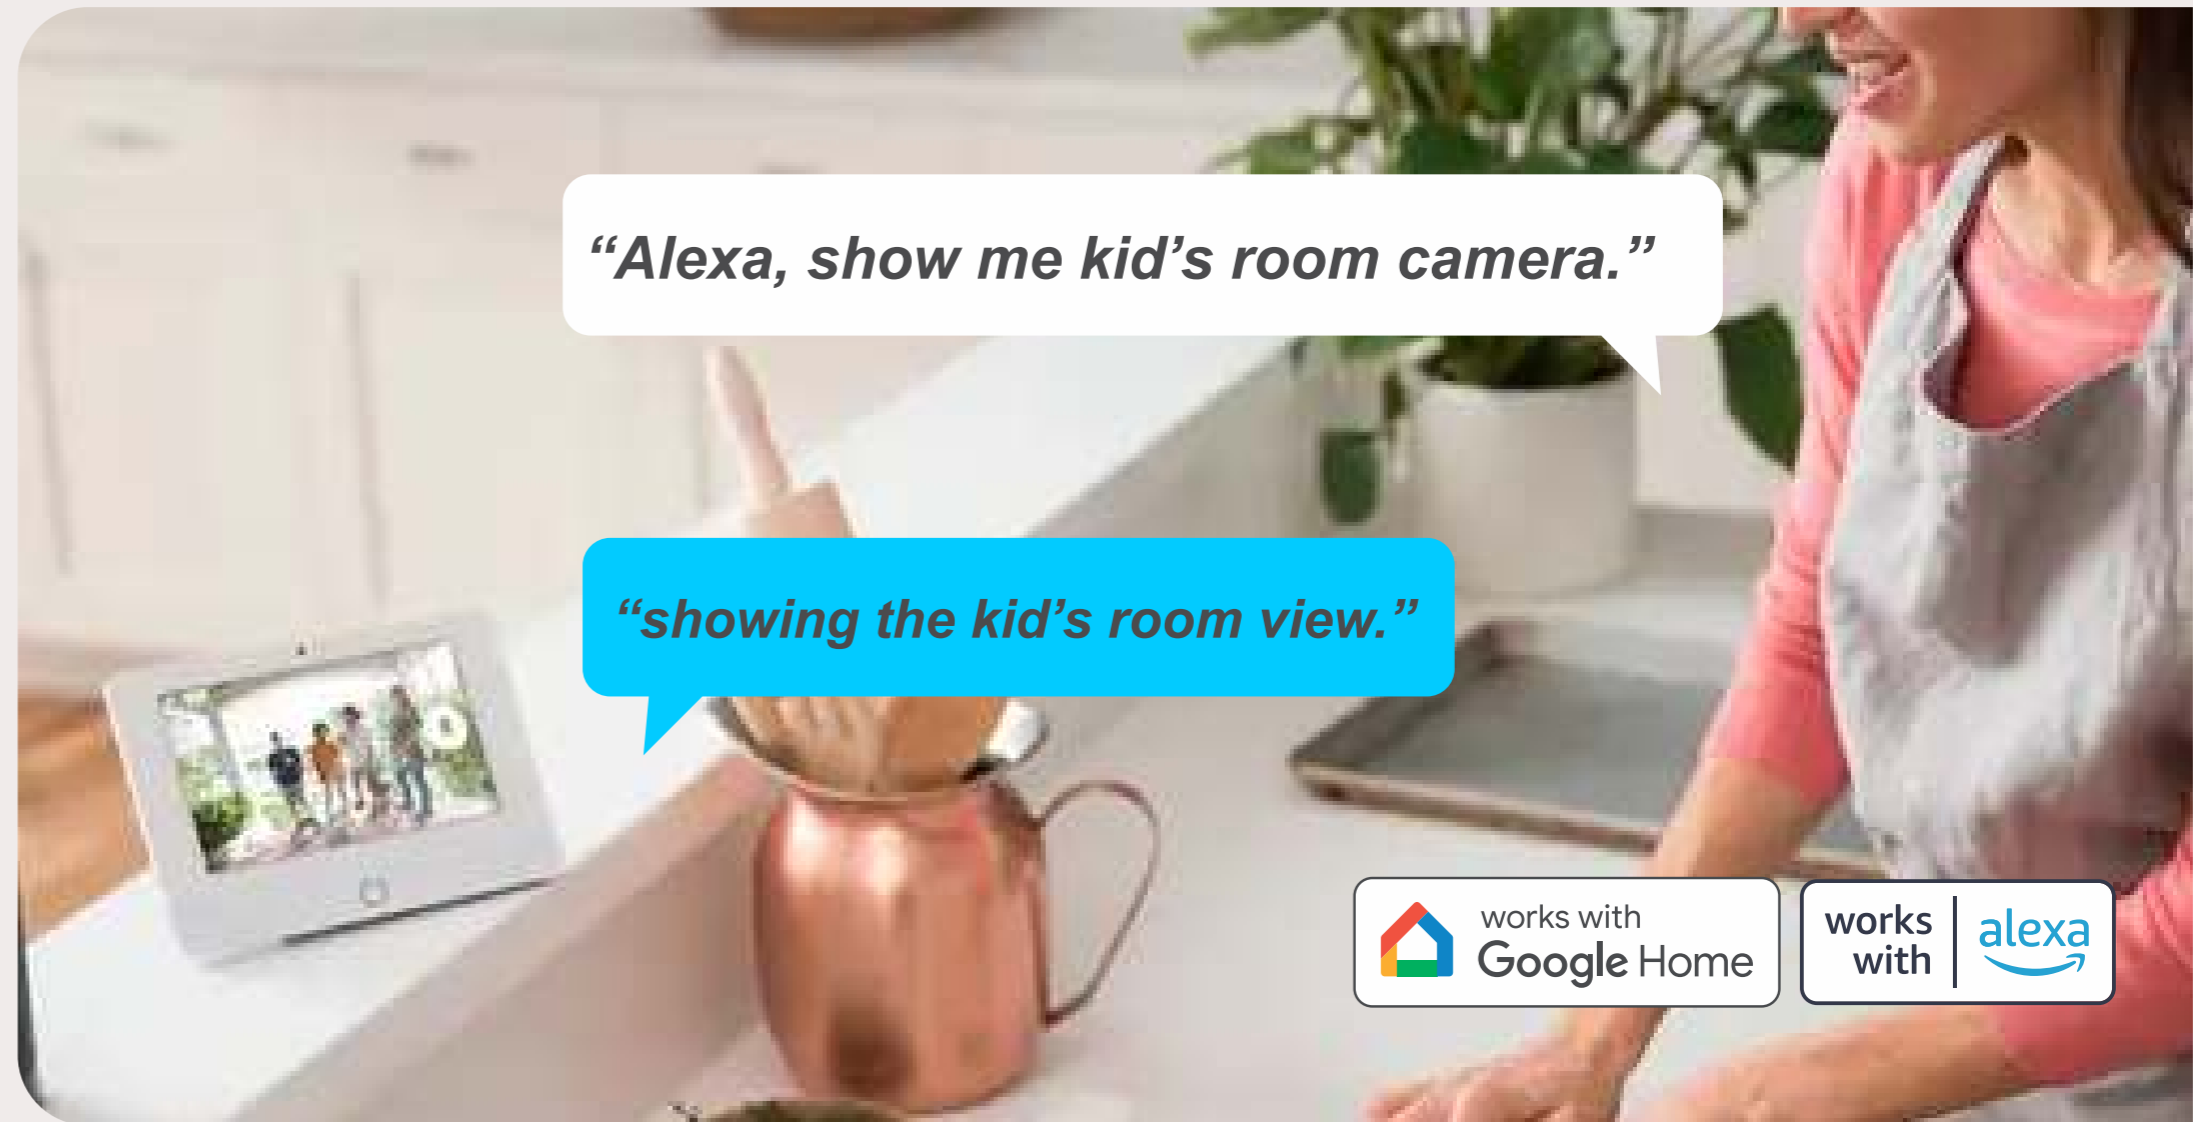

View & Talk

Enables you to stay in touch with your loved ones from anywhere, meaning you can also talk while viewing the live video feed on the phone.

Alexa and Google Supported

The CP PLUS EzyKam+ also works with both Alexa & Google Home, which lets you integrate your surveillance solution with your smart home system, meaning that with a simple voice command, you can now view your camera feed live on TV or smart phone.
